

**Laptop/
Macbook
Compatible.**

**Customize
your own logo.**

**HK-Local
IC Chip.**

**6X faster
than normal
5W sockets.**

**Dual Port: 15+15W
Single Port: 30W**

 **Smart-power distribution.**

Dual-Port USB-C SOCKET OUTLET

From
**Semiconductor R&D
to product design —
all from Hong Kong.**

-  PD3.0, QC3.0 Quick charge
-  Macbook compatible

Hong Kong based R&D and design: Addressing China and global's chip shortage.

The diverse team that developed the charger from scratch includes:

students & graduates,
from *local universities,*

local & international
talents.

With exceptional tech talent, Hong Kong:

is a beacon of *advanced technology;*

offers a *bright future;*

inspires hope in our youth.

HK Semiconductor

Discover this eco-friendly USB-C charger developed by our young innovators.

Let's support semiconductors that are based in Hong Kong and join hands in promoting the city's tech industry.
